3D Systems' CEO Keynotes FARO 3D Documentation Forum

- 3D Content-To-Print Innovation Takes Center Stage -

ROCK HILL, South Carolina, February 16, 2012 – [3D Systems](http://www.3dsystems.com) Corporation (NYSE:DDD) announced today that its President and Chief Executive Officer, Abe Reichental, will present a keynote address "Create and Make with Confidence" at the first annual 3D Documentation Forum sponsored by FARO and held February 21-22, 2012, at the Gaylord Palms Resort in Orlando, Florida. The keynote will provide a vision of the transformative power of 3D content-to-print solutions and the impact they are having on the future of localized manufacturing, consumerism and education as a competitive advantage.

The "3D Documentation Conference" is the destination for the exchange of ideas and best practices between 3D content-to-print solutions and services providers and their users and peers.

"I am very grateful to participate in this forward thinking ideation forum," said Abe Reichental, President and CEO of 3D Systems. "As a leading provider of 3D content-to-print solutions we are committed to democratizing access to tangible and affordable products and services for the benefit of professionals and consumers, alike.

About 3D Systems Corporation

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity

tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.
