3D Systems Enhances 3Dproparts[™] Usability

- Installs New Software Tools to Optimize Customer Care -

ROCK HILL, South Carolina, October 13, 2010 – 3D Systems (NASDAQ:

TDSC), announced today that as part of its overall customer care enhancement initiative, the company sourced Magics and e-Stage software tools from Materialise N.V. for its entire <u>3Dproparts</u>[™] network. The company plans to invest in additional tools and capabilities to further enhance its 3Dproparts[™] customer experience and productivity.

"We are pleased to work with Materialise N.V., a proven supplier of software solutions for rapid prototyping and manufacturing," said Cathy Lewis, vice president, global marketing for 3D Systems.

<u>3D Systems</u> intends to expand its 3Dproparts[™] service offerings domestically and internationally through organic growth, the deployment of new technologies and strategic acquisitions.

Forward-Looking Statements

Certain statements made in this release that are not statements of historical or current facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the company to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. In addition to statements that explicitly describe such risks and uncertainties, readers are urged to consider statements in the conditional or future tenses or that include terms such as "believes," "belief," "expects," "estimates," "intends," "anticipates" or "plans" to be uncertain and forward-looking. Forward-looking statements may include comments as to the company's beliefs and expectations as to future events and trends affecting its business and are necessarily subject to uncertainties, many of which are outside the control of the company. The factors described under the headings "Forward-Looking Statements," "Cautionary Statements and Risk Factors," and "Risk Factors" in the company's periodic filings with the Securities and Exchange Commission, as well as other factors, could cause actual results to differ materially from those reflected or predicted in forward-looking statements.

About 3D Systems Corporation

3D Systems is a leading provider of 3D Printing, Rapid Prototyping and Manufacturing systems and parts solutions. Its expertly integrated solutions reduce the time and cost of designing products and facilitate direct and indirect manufacturing by creating actual parts directly from digital input. These solutions are used for design communication and prototyping as well as for production of functional end-use parts: our customers create with confidence.
